

GoMage Advanced Navigation v.4.2

Installation/Deactivation Guide

Compatibility:

Community Edition: 1.4.x.x, 1.5.x.x, 1.6.x.x, 1.7.x.x, 1.8.x.x

Professional Edition: 1.10 and later

Enterprise Edition: 1.9 and later

Installation

Step 1. Check Permissions.

Make sure the "app", "js" and "skin" directories of your Magento and all directories inside them have full written permissions or set permissions on each directory equal to 777 or 0777.

Important! Change all permissions back after the installation.

Read more about permissions at

http://www.magentoocommerce.com/wiki/magento_filesystem_permissions

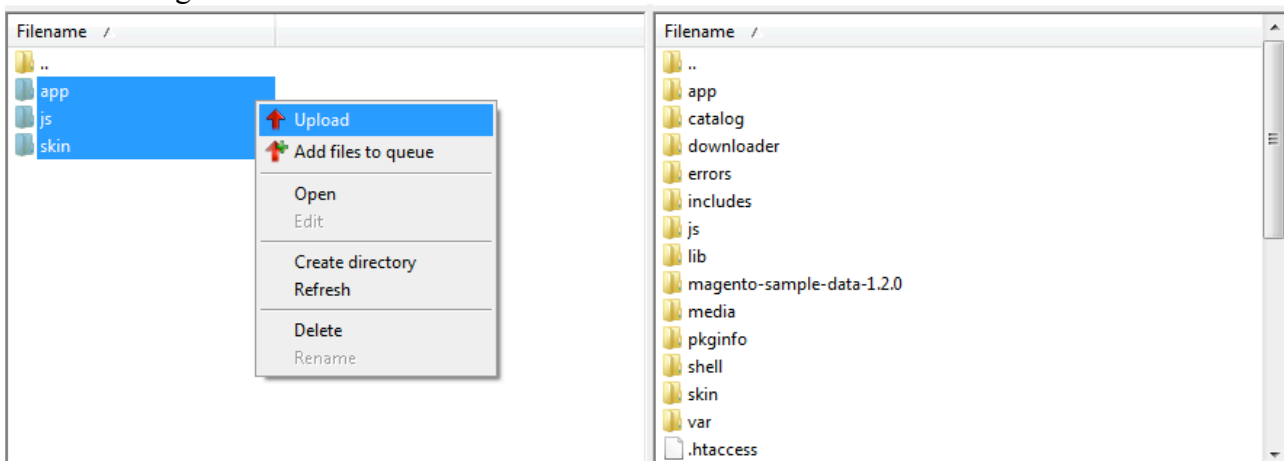

Step 2. Disable Compilation.

Log into Magento **Admin Panel** and go to **System** → **Tools** → **Compilation** and disable the compilation.

After step 5 you can run the compilation process again.

Step 3. Upload Files.

Upload all folders from the extension package to the installation directory of your Magento software using an FTP client.

Step 4. Clear cache.

Go to **System** → **Cache Management**.

Clear the store cache.

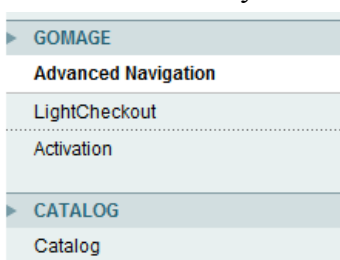

Step 5. Re-login.

Log out and back into Magento **Admin Panel**.

Step 6. Use Extension.

Go to **System** → **Configuration**.

In the left column you will see the new tab – **GOMAGE**.

At this point you must activate the extension.

Installation (Custom Theme)

Please do the next steps after the Installation:

1. Copy layout and template folders from

app/design/frontend/base/**default** folder to app/design/frontend/base/**your_theme** folder

OR

app/design/frontend/enterprise/**default** folder to app/design/frontend/enterprise/**your_theme** folder

2. Copy css and images folders from

skin/frontend/base/**default** folder to skin/frontend/base/**your_theme** folder

Extension Activation

Step 1. Copy an activation key.

Copy the activation key from the Order letter.

OR

Log into your account at <http://gomage.com> website using the e-mail and password that you provided at checkout process.

Go to Downloadable Options and copy the activation key for the GoMage Advanced Navigation extension.

Step 2. Activate an extension.

Log into Magento **Admin Panel** and go to **System** → **Configuration** → **GOMAGE / Activation** and enter the activation key in the "Activation Key" field for the Advanced Navigation extension then click the "Save Config" button.
